Dear client,

As an accredited certification body for management systems, we require up-to-date information on your company for the preparation of offers and for the planning and preparation of certification, extension and recertification audits. Please support us in this matter in order to ensure a smooth certification process for your management system.

We kindly ask you to fill in the questionnaire including standard-specific attachments and to enclose the required evidence as an attachment.

If we do not receive any feedback from you, we assume that nothing has changed since the last certification cycle. Should we find that the information is not correct or that changes have occurred, this may require a new calculation of efforts and prices.

General information (Only main location / Company headquarters)							
Company with legal form							
Street							
Postcode		City			Country	India	
Contact (First / Second Name)	☐Mr.	☐Mrs.
